Installation Guide

BMW K1200GT-K1300GT 06 & UP
Passenger's Backrest

- Place your bike on the center stand.
- Remove the (5) five screws on the top of the luggage rack.
- Place spacers provided, the (2) two longest spacers to the front, the (2) medium length spacers on each side of the rear, the shortest spacer (1) one on the center rear. Place your backrest so that it aligns on top of the spacers.
- Install screws provided in the same order as the spacers longest to the front, medium sides to the rear, and shortest in the center rear.
- Adjust to you liking.
