

BAKUP – USA

INSTALLATION GUIDE

YAMAHA RAIDER/1300TOUR V-STAR DRIVER'S BACKREST

- **Remove the driver seat.**
- **Remove the passenger seat and place it upside down on a workbench or table.**
- **Remove the two (2) nuts that hold the strap on the passenger seat.**
- **Remove the strap and support bracket.**
- **Place your backrest over the front edge of the passenger seat and over the two (2) studs. Re-install the strap, washers and nuts.**
- **Re-install the seats and adjust to your liking.**

**NOTE: You Do Not Need To Re-Install the
Stock Bracket**

GET ON YOUR BIKE AND RIDE !

****PERIODICALLY** CHECK SCREWS ON PAD BECAUSE VIBRATION MAY CAUSE THEM TO
LOOSEN – THANKS**
