

BAKUP-USA

Installation Guide

Yamaha V-Star 650 Custom Driver's Backrest

- Remove the pillion seat
- Remove the (2) two screws to the rear of the driver seat and front bracket for the pillion seat.
- Place your backrest on top of the pillion seat bracket so that the mounting holes in the backrest bracket align with holes of the driver seat bracket and pillion seat bracket. Re-install the screws.
- Re-install the pillion seat.
- Adjust to your liking.
